Sir:

A Transmittal of Missing Parts of Patent Application in reply to the Notice to File Missing Parts of Nonprovisional Application apparently mailed on February 27, 2002 in the above-identified application is filed concurrently herewith.

Applicant hereby petitions that the period for reply to the February 27, 2002 Notice to File Missing Parts of Nonprovisional Application be restarted and the extension of time fees paid with the Transmittal of Missing Parts of Patent Application filed concurrently herewith be refunded in full. A timeline of events is provided below.

December 20, 2001: Application was filed with the Declaration and fees.  
(Application was filed in Japanese.)

February 15, 2002: Applicant's representative, Foley & Lardner, received the English translation of the application, including English language formal drawings. Foley & Lardner was now awaiting the Notice to File Missing Parts to file the English translation and drawings.

February 27, 2002 U.S. Patent and Trademark Office apparently mailed a Notice to File Missing Parts of Nonprovisional Application. Applicant's representative, Foley & Lardner, however, did not receive this document.

June 5, 2002

Foley & Lardner, hearing nothing from the Patent Office for many months, filed a Status Inquiry requesting the status of the application. A copy of this document and the PTO date-stamped receipt card is attached as **Attachment A**. Applicant's representative, Foley & Lardner, did not receive a reply to this Status Inquiry.

August 30, 2002

Mr. Gregory S. Downs of Foley & Lardner called the Office of Initial Patent Examination to inquire about the status of the application. He was informed that a Notice to File Missing Parts was mailed on February 27, 2002. This document was sent to him via facsimile transmission with a Cover Letter For Resending Correspondence dated August 30, 2002. A copy of this document is attached as **Attachment B**.

September 13, 2002

A Transmittal of Missing Parts of Patent Application and accompanying documents are being filed concurrently herewith this Petition. A copy of the Transmittal is attached as **Attachment C**.

In addition, **Attachment D** (filed under seal) is a copy of the docketing records of Applicant's representative, Foley & Lardner, for the time period of February 27, 2002 to March 13, 2002 (two weeks following the apparent mailing of the Notice to File Missing Parts). These docketing records reflect the incoming mail at Foley & Lardner for correspondence from the Patent Office. As shown by the docketing records, no Notice to File Missing Parts concerning the present application was received at Foley & Lardner in the above-noted timeframe. Please note that **Attachment D** contains Proprietary Information of Foley & Lardner that Foley & Lardner requests be returned after a decision on the petition.

Also, **Attachment E** (filed under seal) is a docketing report of all items due for the period of April 27-29, 2002. (April 27, 2002 fell on a Saturday.) As shown by the docketing report, no Reply to the Notice to File Missing Parts concerning the present application was docketed as having been due. This further shows that a Notice to File Missing Parts was not received by Foley & Lardner, even beyond the two week period of **Attachment D**. Please note that **Attachment E** contains Proprietary Information of Foley & Lardner that Foley & Lardner requests be returned after a decision on the petition.

In view of the above timeline, the undersigned hereby declares that (1) the Notice to File Missing Parts of Nonprovisional Application mailed on February 27, 2002 was not received by Foley & Lardner until August 30, 2002; (2) had the Notice to File Missing Parts of Nonprovisional Application mailed on February 27, 2002 been received anytime prior to the due date of April 27, 2002, Applicant's representative, Foley & Lardner, would have timely responded without incurring any extension of time fees, as it was in possession of the necessary documents.

Therefore, Applicant hereby petitions that the period for reply to the Notice to File Missing Parts of Nonprovisional Application be restarted to August 30, 2002 and for a full refund of the \$1,960.00 extension of time fees paid with the Transmittal of Missing Parts of Patent Application filed concurrently herewith. Applicant is paying the petition fee of \$130 in accordance with 37 C.F.R. § 1.17(h) with this petition, but requests that, in light of the foregoing, this fee be refunded.

Should the Patent Office need anything further in order to facilitate a timely refund of the aforementioned fees, he or she is respectfully requested to contact the undersigned at 202-945-6162.

A Combined Petition to Restart Period for Reply and Petition for Refund of Extension of Time Fees (and Petition Fee) accompanies this document.

Transmitted herewith are the missing parts needed to complete the filing of the subject patent application. Enclosed are:

- [ X ] English Translation of the Specification, Claims, and Abstract (67 pages) with Translator's Statement (1 page)
